About Me

I am a designer, passionate about creating design solutions for users. Have a great interest in finding ways so that users could use the product as convenient as possible. Setting aside my professional interest I like to draw, listen to music and cook sometimes.

Skills

- Photoshop
- Illustrator
- InDesign
- Figma
- Miro
- Procreate and Dreams
- Survey Monkey

Education

Master of Science in Multimedia (5 years integrated)
2022 - 2027

St.Xavier's College (Autonomous), Park Street, Kolkata

I am currently a student, and our course covers a decent knowledge of three main domains: film Studies, Graphic Design, and 2D/3D Animation. For the first three years, and the last two years, we can choose a specialization. I chose Graphic Design as my niche.

Experience

UI UX Design Internship
Teechnook pvt.ltd   April- June 2022

For this internship, I first learned about the UI and UX fundamentals and principles taught by the organisation itself. Then, they gave us a major project: I must create a high-end restaurant logo and, based on that, compose a case study with UI and a prototype of an online food ordering app.

Graphic Designer Internship
Avaesa   Aug- Nov 2024

I joined as a designer intern for one of their sub-company that teaches yoga and performs various yoga campaigns and there my role was to design pamphlets, and social media posts, Iterate campaign books, do illustrations, and some basic 2D animation.

Udemy Complete UI /UX Course by Zero To Mastery (ZTM)
Sept 2024- Jan 2025

I have completed this certification course and learned the basic to intermediate concepts about how to work in Figma like creating Components, Auto Layout, Variables, Plugins, Customising Grids and many more advanced-level techniques.

2D Animation Video
Freelance Work   April 2025

It was a two-person group work that I had done with one of my friends, my role here was character designing, 2D animation (for a small portion), and Video Compositing.

Google UX Design Professional Certificate
April- July 2025

Currently, I am doing this Professional Certificate course to get a detailed understanding of Material Designs and the core values Google follows for building User-Centric digital products.
